by Midea.

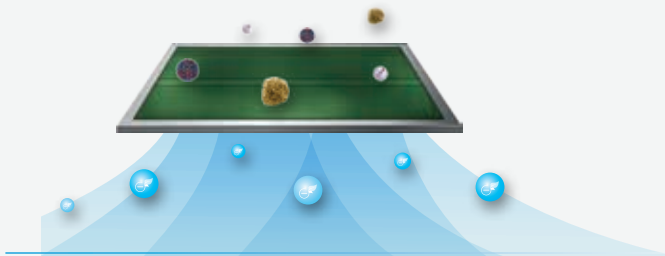

SINCE
1968

High Density Filter

Midea's High Density filter offers improved filtration by eliminating the smallest size dust particles & cleansing polluted air.

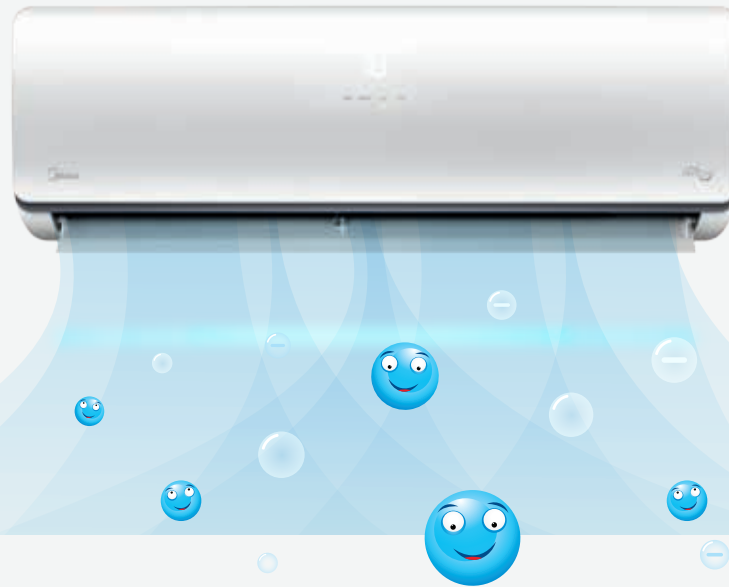

Improve energy consumption up to 70% and reduce noise up to 50% with Inverter technology.

Self Cleaning

Features an advanced hydrophilic fin evaporator that washes away dust & grease on the evaporator through condensed water. After the unit is turned off, the louver will remain open with fan mode to dry out the coil & pipes up to 15 minutes to prevent mold formation for better unit life span.

Oasis from Midea is a modern sleek designed air conditioner equipped with powerful inverter technology, removing haze and harmful particles, improving your health and bringing you a brand new comfort experience of a cozy home.

FEATURES

Plasma Electron⁺

Midea Plasma Electron aircon effectively improves your health by removing airborne germs, bacteria, dust, haze particle, pollen, smoke & viruses from indoor air.

3D Air Flow

Vertical & horizontal auto swing ensures an even distribution of air throughout the room

Follow Me

Temperature sensor in the remote controller is activated to replace the blower's, regulating the room temperature thus ensuring your comfort.
